

▶ RAISING THE BAR IN DRUG-RESISTANT FOCAL ONSET SEIZURES:

Any improvements in sight?

SATELLITE SYMPOSIUM AT THE 7TH CONGRESS OF THE EUROPEAN ACADEMY OF NEUROLOGY

SATURDAY 19 JUNE
12:15–13:15 CET
Room Amsterdam

CHAIR'S WELCOME

It is my pleasure to invite you to our satellite symposium 'Raising the bar in drug-resistant focal onset seizures: any improvements in sight?' sponsored by Arvelle Therapeutics – An Angelini Pharma Company, at the 7th Congress of the European Academy of Neurology. **This symposium will take place on Saturday 19 June 12:15–13:15 CET, in room Amsterdam.**

During this symposium, our esteemed faculty will provide insights into the burden of uncontrolled seizures, review the current treatment landscape and discuss the barriers to achieving seizure freedom. We will also explore what the future holds for people with drug-resistant epilepsy, discussing the latest advances in drug development, surgery and stimulation.

We hope that you will join us for what promises to be an engaging and educational event, and look forward to your input during the live Q&A session.

Emilio Perucca, MD, PhD
Professor, Department of Internal Medicine and Therapeutics
University of Pavia, Italy

EDUCATIONAL OBJECTIVES

- ▶ Raise awareness of the burden of drug-resistant focal onset seizures
- ▶ Discuss the current treatment landscape and the barriers to achieving seizure freedom
- ▶ Provide an update on the latest treatment options for drug-resistant epilepsy

AGENDA

12:15–12:20	Welcome and introduction	Emilio Perucca
12:20–12:35	The burden of uncontrolled seizures	Torbjörn Tomson
12:35–12:50	Current treatment options for drug-resistant focal onset seizures: what can we do better?	John Paul Leach
12:50–13:05	New horizons: what does the future hold for people with drug-resistant epilepsy?	Bernhard Steinhoff
13:05–13:15	Q&A	All

FACULTY

Emilio Perucca (Chair)
Professor, Department of Internal Medicine and Therapeutics
University of Pavia, Italy

Torbjörn Tomson
Senior Professor of Neurology and Epileptology, Department of Clinical Neuroscience
Karolinska Institutet, Sweden

John Paul Leach
Professor of Clinical Neurology
University of Glasgow, UK

Bernhard Steinhoff
Medical Director
Epilepsiezentrum Kork, Germany
